AGES 14+

A humorous party, roleplaying, and social-deduction game, with artwork by The Mico. It is all against each other in a verbal fight. Villagers argue for their life using “Excuse” cards to craft their pleas and take cues from “Act” cards to further ingratiate themselves. Their goal is to convince the Count not to eat them. Yet some players might have a hidden agenda, and so Dracula must choose his meal carefully.
